FOR IMMEDIATE RELEASE

AEROSPACE OPTICS ADDS TO SALES FORCE

Sales Team Focused on Customer Relationships

FORT WORTH, TX, August 25, 2003 – Aerospace Optics, Inc. (www.vivisun.com), the leading manufacturer of advanced cockpit lighting technologies, including its VIVISUN® line of sunlight-readable LED and classic incandescent pushbutton switches and other state-of-the-art display products, announced the following appointments:

Todd West, promoted to senior sales representative, is responsible for all domestic direct sales and providing end-to-end customer support.

Aerospace Optics' emphasis on providing enhanced customer support is in line with its successful customer relationship initiatives. These initiatives, with a goal of total customer satisfaction, stresses high quality, short lead times and immediate access to customer support.

“Along with our mil-spec qualifications and quality management system certification, these sales team appointments reflect the quality of our VIVISUN line of products and people,” said John Dillow, president, Aerospace Optics, Inc. “Our customer relationships are the reason for our success. We are committed to providing customers superior quality in both our products and service.”

About Aerospace Optics, Inc.
